On November 16, 2011, we transmitted to the Office of Early Learning a list of preliminary and tentative audit findings and recommendations that may be included in a report to be prepared on our financial and performance audit of the Office of Early Learning Services' programs and related delivery systems. Pursuant to Chapter 1002, Florida Statutes, the Department of Education (DOE) has responsibilities for various aspects of the Voluntary Prekindergarten Education Program and, as such, has been referred to in some of these preliminary and tentative audit findings. Because of the references to DOE, we have as a courtesy attached for your information a copy of the preliminary and tentative audit findings and recommendations on our audit of the Office of Early Learning Services' programs and related delivery systems. DOE is not required to provide a response.

Thank you.
