Subject: chiefs friday meeting request

Good afternoon! Mary Laura mentioned several chiefs said the recurring Friday meeting request disappeared off their calendars. (We physically moved our offices – yes, again – on Thursday, and this might have played a part. I wanted to wait to give it time to make sure this was an actual problem and not just a momentary blip.) I would prefer NOT to send out the meeting request (only because sometimes it causes some of your computers difficulties). However, I will be happy to resend it if any of you reply to say you need it.

So, please reply back to me if you want me to resend the meeting invitation. When I do so, it might go to the whole invitation list. (Forewarned)

Happy Halloween!!! ☺
