It could if it related to the decoding/encoding process, which it typically is. It's the time spent on administering a spelling test that rkkks me. Definitely not time well spent.

Cari,

Okay...a question for you...please see below. I am thinking if Spelling is in the Core Program then it's okay, is that right?

Thanks!

Hi Laurie,

Please see the e-mail below. Can we include the courses below for the 450 Reading Minutes? What about the spelling course?

Thanks for your help!

Good Morning Linda,

In the file DPS45.GQ.F70987.Y11122 "Students with < 450 minutes of Reading" - all of our students scheduled in Access Language Arts courses (7710011-7710016) are coming up with "No Reading Course". Isn't this something that should be fixed in the edit itself? I'm hoping so!!

Also, should Spelling (7710040) be included in the 450 minutes for Reading? Our ESE department is using Reading, Language Arts and Spelling as their 450 minute Reading block, and all of these students are coming out with < 450 minutes because of the Spelling minutes not being included.

Thanks for your help. You are greatly appreciated!
