Subject: Waiver Choices - Kris weighs in
Importance: High

After a long discussion with Mike, here are the options as I understand them and my recommendation.

- 1) Keep focus solely on FL school grade methodology and fight for it (CCSSO feedback is to do this).
- 2) For schools, use only school grade, including built in AMOs (at-risk grad rate, progress of lowest 25%). Use reduction in percent non-proficient by subgroup for district grade only (not schools) **[KRIS'S CHOICE]**
- 3) Use school grade and subgroup AMOs for schools
- 4) Continue to populate **all** AYP indicators, including grad rate and writing, but don't use Y/N. Instead use green, yellow, red indicators for met, improved/maintained, or declined.

I also recommended that Mike speak with Patricia about this.
