Cari,

The only other two files that I could find that may be useful for you are attached. I don't think that this is what you are looking for, but it's all that we have on the I: drive that aligns in any way with your question.

Have a great evening and thanks again!

Sincerely,

**Subject:** 3rd grade data

I've attached a spreadsheet that includes some data on retained/promoted 3<sup>rd</sup> grade students. Do you know if we have data on the number (%) of third grade students retained ONCE, and the number (%) of students retained TWICE ?

This shows percent retained, but it doesn't specify between those retained once vs. those retained twice. I'm searching my files and have not yet come across this info. but I swore we had it.
