Subject: FCAT progress of SWD's since 2002

So I asked an ESE data person and this is what she said:

No. The existing graphs in the media packet are all we have. They could probably create their own using data from the website at:

Hi Marie. Can you help me to help Cari with this?

I know you aren't the Special Ed gal any longer, BUT, is there an FCAT line graph (like the ones in the FCAT media packets) that shows the progress of SWD students in third grade from 2002-2011. You know, percent at level 1 from 02-11, and percent at level 3 and above from 02-11?

Any help you can provide would be fantastic!

Sincerely,
Cari Miller
