Subject: RE: State Board final decision on school grading

Hi, Lowell.

This was just a workshop and there was no expectation of conclusions. I would say that I saw general agreement with proposals, including the reading threshold. I have not heard anything since the workshop that would give me additional insight.

Regards,
Kris

Kris,

I missed the State Board meeting. Did the State Board of Education reach any conclusions on your recommendations last week? If so, what? Thanks.

Lowell
