Cari,

You are talking about the VPK-FCAT study, correct? It has not moved any since we last spoke as there are so many things flying around here. I will try and get and updated timeline.

If we could provide just the data would that help you will what you need? What are you trying to answer with the report?

Subject: Hello Gary!

Hope all is well with you! Just checking to see if you all have completed the VPK Readiness Report for this year?

Sincerely,
Cari Miller
