Hi Nadia!

Good to hear from you, we are doing well. I hope you are doing well and we definitely we need to catch up the next time you are in town!

Unfortunately I don't think the information you are looking for is readily on the web. I will follow up with Mike to make sure he understands your urgency to get this information.

Please feel free to contact me at any time you need something that I can help with.

Thanks,

Tanya Cooper

Hey Tanya!

I hope you and Cameron are doing well. Would love to catch up with yall on a future Tallahassee trip (they're becoming more frequent these days!).

I wanted to FW you and email I just sent to Mike Kooi (below). I know things are busy for yall with session in full swing – but was thinking you might know where I could just look this info up online and save your shop the trouble (and when Joanna said you were a good contact in the Dpt I decided to use this as an excuse to say hello!)

Thanks and have a great evening!

Nadia

Hello Mike,

This is Nadia with FEE - I just left you a voicemail but wanted to quickly follow-up.

We're working with some friends in Louisiana on combatting the idea that expanding their school choice program statewide will cause a mass-exodus from the public school system. They're working on an oped (unfortunately with a tight suspense) and have asked for this year's data on the number of students state-wide who are eligible to participate in the McKay / Corporate Tax Credit Scholarship / Opportunity Scholarship programs vs. the number of students who actually have applied and been enrolled in each program.

They want to spotlight our numbers to show that there will be far more students eligible than actually choose to participate.

Unfortunately, their submission deadline requires them to have the numbers by 10 am EST tomorrow (Thursday). Any help you could provide would be much appreciated!

Many Thanks!

Nadia
