Good morning Cari
As an update, the data warehouse is processing the data query. As soon as we have the results of the data query I will send another update.

Good morning
I will check with the data warehouse to see where they are in the process. I do know that they were very focused on running simulations for possible changes with schools grades. I will have an update to you no later than Monday.

Hey Stu,
Right now, I'm just in need of the third grade data I requested earlier to update our "Florida" story presentation for other states. Is there any way I can get this?

Thanks in advance for any assistance you can provide.

Sincerely,
Cari

Cari,

Thanks for your message. Here's hoping that you are having a great week.

All data requests are being handled by Stu. He asked me to let you know that we are in the process of obtaining the data. After the data query is complete, it will be shared with the Chancellor who will send the data to the Foundation or approve for our direct transmittal.

Have a great day and thanks again for all you do!

Sincerely,

Kevin Smith,
