Sharon,

Do you have a reactor panel invitation list indicating who has responded and how? Patricia said that Mary Laura was preparing an email for Patricia to send to encourage acceptance.

Marshall,

Thank you for your reply. I certainly understand that you have many demands on your time. Would you like to recommend another member of the business community to this committee?

Sharon,

I have already made a commitment for the 29th and will need to be in Tampa. I understand that you have also invited Susan Pareigis from the Florida Council of 100. As a Council member and chair of its K-14 Education committee, I can stay in touch with Susan on the discussion and outcomes. I appreciate the invitation and hope that you will include me in this or other endeavors where the business community can support the Commissioner.

Mr. Criser,

I am writing to you to encourage you to participate in this important meeting. Please let me know if you have any questions.

Thank you!

Sharon

Sharon Koon, Ph.D.
Assistant Deputy Commissioner

Office of Assessment

Florida Department of Education

Florida Department of Education

RE: **2011 FCAT 2.0 Reading, Mathematics, and Algebra1 End-of-Course (EOC) Assessment Reactor Panel Committee**

On September 29-30, 2011, the Florida Department of Education will conduct meetings to gather input from state school district, business, and organization leaders on the establishment of achievement standards for the FCAT 2.0 Reading, Mathematics, and the Algebra 1 End-of-Course (EOC) Assessment. Because of your leadership in Florida, you have been nominated to serve on this important committee, referred to as the Reactor Panel. The meeting will take place at the Hotel Duval in Tallahassee, Florida, from September 29–30, 2011.

Prior to this meeting, committees of Florida educators will have made recommendations for these standards by considering the nature of the test questions, the difficulty of the items, and the potential impact on students. This committee will review and provide feedback on these educator recommendations for the achievement level standards and the impact of these proposed standards on students.

Registration for the meeting will occur on September 29 at 7:30 a.m., with the meeting beginning promptly at 8:30 a.m. Please plan to arrive on schedule, as the agenda will be full and each item on the agenda is critical to the success of the overall process. Breakfast will be available each day from 7:30 to 8:30 a.m. The meeting will begin promptly each day at 8:30 a.m. and will conclude by 5:00 p.m. on September 29 and 2:00 p.m. on September 30. Lunch will be provided each day.

Travel, hotel, meals, Internet, and parking costs will be paid directly by Pearson or reimbursed after the meeting. Please register for this meeting using the online registration system Cvent at <http://www.cvent.com/d/dcqjfr>. The registration process enables you to reserve your hotel room for the meeting. It is important that you complete your registration via the online link **by September 16, 2011**.

If you have any questions about the meeting agenda or other details related to the meeting, please contact Dr. Sharon Koon at (850) 245-9566, or by email at Sharon.Koon@fldoe.org. If you have questions regarding registration or travel, please contact our meeting planner, Jonathan Bramlett, at (800) 627-7990, ext. 214372, or by email at jonathan.bramlett@pearson.com.

I hope you will make a commitment to join in this process. Setting high standards for student achievement is critical to the future of Florida.
