Hi Cari,

I spoke with the program office at some length about these reports. Essentially, these were created at a point-in-time using membership data, which can be found for previous years here <http://www.fldoe.org/eias/eiaspubs/pubstudent.asp> under the "Archives" link at the top. For those reports where the percentages are missing, you can find the appropriate denominator in the files posted in the archives titled "School Membership by Grade, 200X-XX". For the 2010-11 school year, they are waiting on two school districts to finish their quality assurance process. I did not receive an ETA on how long that might take.

In regards to the appropriate place to find data, I'm more than happy to assist in tracking down requests. For good cause exemption information, the program office linked above produces these reports and can be reached through askeias@fldoe.org. Let me know if there's any other assistance I can provide.

Thanks,
Jonathan

Okay, so just noticed this too; the percent is not represented on the last column: "Total Promoted with Cause". Is there any way I can get this info as well?

Sorry for any inconvenience that has caused you. It's interesting how the reports report percent's in some years and not in others.

Again, any help you can provide would be fantastic!
Cari

Good morning Cari,

I received the attached files this morning from the program office, except for the 2010-11 data which has not been finalized yet. I will send that on once it's been completed. Any questions please let me know.

Thanks,
Jonathan

Hi Cari,

Based on the file names, I recognize the source office that would most likely produce this information. I've contacted them based on your request below and will update you as soon I hear back. Any questions or concerns, please feel free to let me know.

Thanks,

Jonathan K. Blakely

Hi, Cari,

I'm not sure who the correct person is – so I'm forwarding your request to Jonathan Blakely. ☺

Hey Sharon,

Hope this email finds you well. Not sure if you are the person that I should contact, so if you could, please forward this to the correct person, if it is not you. ☺ Are the charts attached available for the following school years somewhere on the DOE's website? They reflect number AND percent of third grade students qualifying for each good cause exemption. If they aren't on DOE's site, do you know how I can gain access to them?

Thanks in Advance!
