**Cc:** Cari Miller (Cari@excelined.org) <Cari@excelined.org>; Stewart, Pam; Tappen, Mary; Costin, Loretta  
**Subject:** 3rd grade progression data  
**Attachments:** EDW960 - Grade 3 Retained once or twice who dropped out.xlsx EDW959 - Grade 3 Level 2 Up to 3 and maintain.xlsx 4th grade promotions vs repeats 00-01 to 08-09\_td.xlsx EDW1085 - 3rd Grade Level 1.xlsx

3<sup>rd</sup> Grade Progression

3<sup>rd</sup> grade progression data (already requested):

- ✗ FCAT outcome data of first cohort's progression, retained vs. promoted Level 1 students, need data for those promoted for a comparison to those retained (show example that needs additional information)
- ✗ Tracking performance of the first cohort of students retained vs. those promoted, but scored level 1; what percent of those retained scored Level 1, 2, 3, 4, 5 each year after the retention AND same data request for those promoted (show example template)
- ✗ Dropout rate of first cohort (2002-2003) of retained Level 1 students AND promoted Level 1 students (show example that needs additional information)
- ✗ Percent of first cohort of retained Level 1 students that are in 11<sup>th</sup> grade AND percent of first cohort of promoted Level 1 students that are in 12<sup>th</sup> grade
- ✗ GCE data summary, adding number/percent scoring Level 1, and add percentages (show example that needs additional information)
- ✗ How those promoted through alt assessment did compared to those promoted through portfolio from first cohort to present

EDW1085 is the data from EDW on level 1 students that were promoted and dropped out. The data is in response to the request below. I have also added additional data to support this request

Regarding the dropout spreadsheet for the 2002-03 Grade 3 cohort (1<sup>st</sup> tab on the previous request from August 2011 – attached), we would like to add the following:

- The percent of PROMOTED Level 1 third grade students who dropped out of school (display same grades as retained students who dropped out - 9th-12th)
- Also:
  - o Of the Level 1 third grade students RETAINED, what percent are still in the Florida school system, and of that percent, what percent are in 11th grade VS
  - o Of the Level 1 third grade students PROMOTED, what percent are still in the Florida school system, and of that percent, what percent are in 12th grade

\*Also, please include number of students (#) with all percent's (%).

Regarding the second tab of the attached spreadsheet (FCAT outcomes) from the previous request from August 2011, would like to add 3<sup>rd</sup> grade for each table and would like the same data for all Level 1 students promoted.

The last request:

Good morning,  
This is first in a series of emails that are responsive the requests that have been sent to me. After you review the data sets if you require further clarification let us know.

**We have not yet received all data marked with an X:**

Referral Rates

- X Referral rates for Special Education between 2000-2011, broken down by each category, for example, SWD, deaf/hard of hearing, visual impairments, etc., providing the number of students and percent of students, K-12.

The data request was sent on February 20<sup>th</sup> to the Data Warehouse and The Bureau of Exceptional Education and Student Services.

Follow-up was requested on March 5.

Stu,  
Here is the list of data we still need.  
Thanks.  
ML

It would be fine to work through Stu and cc me. Whatever works best for you. I don't want to be the impediment that holds things up.

**To:** Stewart, Pam  
**Subject:** FW: Fwd: PRS Data Request

If you want, we can go straight to Stu, and just cc you.  
Let me know.

**To:** Mary Laura Bragg (MaryLaura@excelined.org)  
**Subject:** RE: Fwd: PRS Data Request

We received this already; what we asked for as a follow-up is the number of students that the state level data represented for each year, each grade, and each AP.  
2<sup>nd</sup> X on attached document.
