Hi Mary Laura, we have FSU Teach and UF teach programs going on in Florida right now and a UTeach project for RTTT. The program has been very effective in Texas. Since the universities apply directly to NMSI we don't get the data on outputs. I'll see what I can find.

Hey Mary Jane,

I'm sure you never thought you'd hear me ask a math question, but do you have any info/opinion/thoughts on FSU-Teach? I know DOE was involved in the start-up back in 2007, with NMSI.

I'm looking for any thoughts on the effectiveness of the program – all I can find is really data on inputs...

Just curious,
ML
