Subject: RE: Eligibility vs. Enrollment request

Hi Mike,

Thank you very much for sending this information!

We were able to get some numbers to our folks in LA yesterday but the list you sent will be great to have on-hand, I have a feeling that won't be the last request.

I completely understand how crazy weeks go (had a few myself lately), especially with session in full swing, so please don't worry at all!

I know you're already plugged in with Joanna and others at our Foundation but if there's ever anything I can help you with don't hesitate to ask.

Thanks again and enjoy the weekend,

Nadia

Subject: Eligibility vs. Enrollment request
Importance: High

Hello Mike,

This is Nadia with FEE - I just left you a voicemail but wanted to quickly follow-up.

We're working with some friends in Louisiana on combatting the idea that expanding their school choice program statewide will cause a mass-exodus from the public school system. They're working on an oped (unfortunately with a tight suspense) and have asked for this year's data on the number of students state-wide who are eligible to participate in the McKay / Corporate Tax Credit Scholarship / Opportunity Scholarship programs vs. the number of students who actually have applied and been enrolled in each program.

They want to spotlight our numbers to show that there will be far more students eligible than actually choose to participate.

Unfortunately, their submission deadline requires them to have the numbers by 10 am EST tomorrow (Thursday). Any help you could provide would be much appreciated!

Many Thanks!

Nadia
